TEST CERTIFICATE

(Transcription of test certificate of W-252395-15-Sl/le)

Enhancement of Microbial Growth on Materials to Come into Contact with Drinking water
Test pursuant to DVGW Technical Standard W 270, November 2007

Client:	Rich. Klinger Dichtungstechnik GmbH & Co. KG Am Kanal 8-10 A-2352 GUMPOLDSKIRCHEN AUSTRIA
Test material:	**KLINGERSIL® C-4400**
Test method:	Material test

According to test report **W-252395-15-Sl/le** of **14.01.2015**, the material **KLINGERSIL® C-4400** is conform to the requirements for the use in the area of drinking water systems pursuant to DVGW Technical Standard W 270 for sealings, joints and gaskets with larger surface etc. (D1) and sealings, joints and gaskets with smaller surface etc. (D2). Details regarding testing procedure and test results are itemized in the test report. This test certificate is valid from the date of issue and, given that the conditions and requirements remain unaltered, expires on **14.01.2020**. Upon request of the client, the validity may be extended up to **31.12.2021** provided that the specifications of Technical Standard W 270 are met.

The Director of the Institute
